Presenting HydraChoice™

EXPERIENCE THE NEXT  
GENERATION CUSTOM SHOWERING

## HYDRACHOICE™ BODY SPRAYS

Create a truly custom shower by installing the HydraChoice™ Body Spray System. The flush-mount designs offer adjustability and the ability to change spray options to customize your shower experience even after installation.

**Flush-mount sprayheads** extend automatically when water is turned on and can be pushed in when not in use.

### Adjustable 50 degrees in any direction

- allowing you to aim the water exactly where you want it.

**Flow Rate:** 3.8 L/min @ 80 psi

**Invigorating** - High-pressure water streams relax tight muscles and awaken the senses

**Massaging** - Waves of water converge in a hydro-massage experience

**Soothing** - Gentle wave patterns rejuvenate both mind and body

**Touch-Clean®** - Full spray pattern blankets the body for complete relaxation

H2Okinec™ Technology controls the water's shape, velocity and thermal dynamics, giving the feeling of a high-flow spray with a fraction of the water.

## Product Specification
